

# 1924 OUTLOOK PROMISING SAY BUSINESS MEN

Industrial Conditions Good  
And Manufacturers  
Are Optimistic.

## UNUSUAL ACTIVITY IN HOME BUILDING

Extensions To Two Salem  
Plants Are In Pros-  
pect Next Year.

Salem is closing one of its most  
prosperous years, and the early  
months of 1924, perhaps the entire  
year are promising according to lead-  
ing manufacturers and business men.

Salem business men report condi-  
tions good and the outlook promising.  
There is nothing in business condi-  
tions themselves to be alarmed about  
for the coming year, is the optimistic  
view of bankers.

In the industrial field conditions  
are better than a year ago and are  
holding up better than in some com-  
munities. Nearly 2,000 persons are  
now employed in the city's diversi-  
fied industries. Two companies—  
The Salem China Co., and the Salem  
Rubber Co.—are considering plant ex-  
pansions next year.

Although the plant of the E. W.  
Bliss Co., which has been running  
light for a few weeks, will be closed  
indefinitely after the first of the year,  
the affected workers are being ab-  
sorbed by other shops and more will  
be cared for as business improves.

Salem's three national and state  
banks have aggregate gross assets of  
nearly \$6,000,000 and two building  
and loan associations have upwards  
of a half million more.

### Building Activity

Activities in the building industry  
were better in 1923 than for several  
years. Nearly 100 homes were built,  
improvements were made to business  
buildings and other large building  
work has added materially to the  
city's prosperity.

"Our institution can't meet the de-  
mand for building loans and more  
houses were put up the past year  
than for a long time," says Mrs. A.  
H. French, vice president of the Se-  
curity Building & Loan.

"There will be good business next  
year in our line," says C. C. Gibson,  
president of the Mullins Body cor-  
poration. "Our plant is running 60 per  
cent now, which is about three times  
as much as we were doing a year ago.  
Orders are being released now and  
the peak will come along in February.  
I believe 3,500,000 motor vehicles will  
be built next year—about as many  
as the past 12 months. Business came  
unexpectedly in 1923 and it was hard-  
er to handle than it will be this year  
because now we are set to take care  
of it. Saturation has been talked for  
15 years and I guess the country is  
about as far from being supplied with  
motors as ever. The replacement de-  
mand alone is very heavy. Conditions  
look all right in out line."

"Our factory is running full with  
15 men at work and the outlook is  
very good," says a representative of  
the Victor Stove Co. "We will not  
be able to fill all our 1923 orders by  
the end of the year. All the reports  
coming in to us are favorable."

"We would double our capacity at  
once if it were not for assuming so  
much financial obligation at one  
time," says F. H. Sebring, president  
of the Salem China Co. "As it is, we  
plan to make gradual extensions."

## MERCHANT SHOT, GUNMAN FLEES

Youngstown, Dec. 29.—Gus Phillips,  
35, was shot and mortally wounded  
at his confectionery store early today  
by an unidentified gunman. Phillips  
died later in a hospital. No money  
was missing and motive for crime is  
unknown.

## Parochial School Will Close Friday

St. Paul's parochial school will  
close Friday afternoon for the hol-  
iday vacation.

In each room on that afternoon pro-  
grams will be given in keeping with  
the Christmas time and the children  
will be given a treat. This school  
probably will open Jan. 2.

## Gas Drillers Busy In Richland County

Mansfield, Dec. 29.—More gas wells  
are being drilled every day in the  
gas Eldorado at Shiloh, Richland  
county. At the depth of only 40 feet  
a pocket of gas was found. This was  
strong enough to blow large quantities  
of rock and mud 20 feet in the air.

## Autos Recovered As Young Man Confesses

Cincinnati, Dec. 29.—Through confes-  
sion of Harry Long, 27, under ar-  
rest here, three stolen automobiles  
were recovered and numerous auto-  
mobile thefts in Ohio, Kentucky and  
Tennessee are expected to be cleared  
up within the next few days.

Miss Florence Blank, 25, Dayton,  
O., and Martha Baker, 16, McKees-  
Kye., were arrested with Long.

## They Know Now

Columbus, Dec. 29.—When John  
Judy, 59, colored, Springfield, lit a  
match to see if the gasoline tank on  
his car was empty. It blew up and  
in the resultant fire Judy and two  
negro companions were burned about  
the head and face.

## Auto Deaths Mount

Cincinnati, Dec. 29.—Mrs. Emma  
French, 65, died of injuries last night,  
when struck by an automobile. She  
was Hamilton county's 12th motor  
car victim in 1923.

## FILL 55 BASKETS FOR NEEDY SALEM FAMILIES DINNER

Red Cross, Churches, Scout  
Troops Uniting To  
Bring Cheer.

## SCOUTS TO MAKE FAMILIES HAPPY

Special Church Collections  
Will Be Used To Spread  
Christmas cheer.

Creating an atmosphere of good will  
and promoting the true Christmas  
spirit, Salem's churches, the Red  
Cross and the Scout troops are uniting  
to bring cheer and gladness to the  
needy of the city on Christmas  
day, next Tuesday.

It is estimated by those in charge  
of this work that about 45 baskets,  
filled with edibles, will be sent to  
families, and to this number can be  
added about 10 to be sent by the Sal-  
vation army.

This is about half the number sent  
last year, when there was more need  
owing to the fact that so many people  
were affected by the nonemploy-  
ment condition.

For the children under school age  
the Red Cross is providing a gift for  
the girls there will be a doll, and for  
the boys some suitable toy. About 24  
children are on this list. The Elks  
will provide toys for the children  
over school age.

One Scout troop is furnishing a  
trimmed Christmas tree, a dinner and  
gifts for a whole family, while some  
Sunday school classes may make sim-  
ilar donations.

One hundred dollars of the special  
Christmas collection at the Presbyter-  
ian church will go to the officers of  
the church, to be used for local work,  
while the M. E. church Sunday school  
will give its collection for Japanese  
refugee.

Practically all of the baskets sent  
out on Christmas morning will contain  
these edibles:

A chicken, oranges, candy, cran-  
berries, pound of coffee, vegetables,  
pound of butter, apples and 25 cents  
worth of sugar.

## \$25,000 DAMAGE ACTION IS FILED

**Contractor Sued By Woman  
Injured As Result Of  
Hole In Street.**

In an action filed in common pleas  
court Wednesday afternoon by Atty.  
W. L. Counterman of Youngstown, in  
behalf of Elizabeth Clark, aged 40,  
of Salem, \$25,000 damages are sought  
from Robert Auld, Jr., a contractor  
of Salem.

It is set forth in the petition that  
white a sewer and water connection  
were being made to a property on  
Lincoln ave., a depression in the  
street resulted.

It is also alleged in the petition  
that Auld failed to erect barricades  
and maintain lights of danger at  
night, and that while the plaintiff  
was in an automobile driven by a  
Mr. Gillespie, the car hit the depres-  
sion in the street and that she was  
thrown from her front seat and sus-  
tained severe internal injuries.

Four causes of action are alleged  
in the petition. The plaintiff asserted  
that she had been receiving \$25  
per week salary, and that she suffered  
a loss as a result of the mishap.

The fishing smacks are said to be  
operated by Italians of this city.

Two of the six boats were captured  
after a chase of several miles. The  
twelve members of the crews are now  
under guard on the cutter.

Fishing boats are said to be operating  
between Boston and a large Bel-  
gian steamship carrying a liquor cargo  
of 300,000 gallons of contraband.  
The steamship operated first off the  
Jersey coast.

## Home After Spending Three Years At Sea

Lisbon, Dec. 29.—Lieut. Howard  
Bradbury, son of George Bradbury of  
County Auditor Hamilton's office, is  
spending the holiday season at the  
home of his parents in Lisbon.

Lieut. Bradbury entered the Navy  
in 1917, as an ordinary seaman and  
continued in the service since, advanc-  
ing step by step until he obtained  
his present office. He has been  
attached to the battleship Utah and  
now after spending three years on the  
water, has been granted 30 days leave  
of absence. He will return to the  
Norfolk Navy yard for shore duty  
at the expiration of his leave.

## SARTICK CHOSEN CAPTAIN OF 1924 FOOTBALL SQUAD

High School Players Name  
Leader At Luncheon  
Thursday Noon.

## KIWANIANS HOSTS TO SCHOOL TEAM

Rev. Macaulay Of Lisbon  
Praises Boys, Speaks  
On "Middle Man."

Albert Sartick, star end, was elect-  
ed captain of the 1924 Salem High  
football team when the team, coach  
and principal were guests of the Ki-  
wanis club at a turkey dinner at noon  
Thursday, at the Elks home.

The election of the new captain  
came after the splendid address of  
Rev. P. W. Macaulay of Lisbon, former  
star football player who spoke on  
"The Middle Man."

Seventeen members of the 1923  
football team, Coach S. C. Richtman,  
Principal C. M. Rohrbaugh, Manager  
Carl Howell and Assistant Manager  
Ralph Zimmerman were present as  
guests of the club. Captain Lester  
Cratchley headed the team.

Rev. Macaulay praised the play of  
the Red and Black team during the  
past season and paid the school a fine  
compliment when he said:

"I never saw or heard of a dirty  
bit of playing by any Salem High  
school player this year. It is one of  
the few schools that I can say that  
about, and it is a mighty fine thing to  
be able to say."

"It is the greatest thing in life to  
say that you played the game clean,"  
he continued. "On the field, you  
should play your best, give your all  
and when you come back to the dressing  
room, be able to say, 'I played the  
game clean.'

His "Middle Man"

"My middle man is the one who  
can play clean, who can play hard  
and well, but still be the clean, hon-  
est player. My 'middle man' stands  
between the extremes in life as he  
stands between the extremes on the  
field."

The middle man has no connection  
directly with business. He is needed  
in the world today, and badly. A middle  
man is one who stands between the  
optimist and the pessimist.

"The only man worth while in a  
com of any kind, and especially in  
the great game of life, is the man  
who can pick out the good from both  
sides of thought, and then travel  
on down the road of life with a smile,  
spreading truth and playing the game  
clean and fair."

Principal C. M. Rohrbaugh, when  
called upon by B. L. Fleck, presiding  
in the absence of President H. A. Gager,  
stated that the high school appre-  
ciated the backing of the Kiwanis  
club and thanked the club for the op-  
portunity the team had in meeting  
with the Kiwanis.

Head Coach S. C. Richtman said  
he knew his men appreciated the din-  
ner very much, and praised the back-  
ing that all organizations in Salem  
give to the team.

It was one of the most successful  
get-togethers of business men and  
students ever held. A quartet com-  
posed of E. V. Burt, Robert Wright,  
Paul French and H. D. McCalmon  
sang several songs that were well re-  
ceived.

## Frank Johnson Will Give Famous Lecture In Damascus Dec. 22

Below are given some typical re-  
ports on Frank P. Johnson and the  
lecture which he is to give on the  
Damascus lyceum and entertainment  
center Saturday night:

"Frank P. Johnson brought us a  
splendid message and our men are  
unanimous in asking for his return  
next season."

"As an orator Johnson surprises  
anyone who has ever been here. He  
has a vital message for every 'Main  
Street in America.'"

"We could have listened for an-  
other hour to Mr. Johnson. He helped  
our town in more ways than we can  
express. We want him back."

## Reception For New Pastor Of St. John's

Thursday evening St. John's A. M.  
Church will give a reception at  
the church for its new pastor, Rev.  
W. L. Brown, who comes here from  
Washington. There will be a program  
and refreshments.

Rev. Mr. Brown will not move here  
before spring, it is said.

## Odd Fellows To Honor Nine Oldest Members When They Observe 75th Anniversary

When members of Amity Lodge No.  
124, I. O. O. F., celebrate the 75th  
anniversary of the founding of the  
lodge Dec. 28 and 29 they will pay  
tribute to nine men who have been  
members of Amity for more than a  
half century.

One of these men, John R. Vernon,  
who is spending the winter in Miami,  
Fla., has been a member of Amity  
lodge about 60 years, having joined  
in 1868. The other eight and the dates  
of their initiation follow:

J. T. Henshaw, now of Cleve-  
land, 1866; Charles Bonsall, 1868;  
William Horne, 1869; Jim King and  
Zadok Street, the latter now residing  
in California, 1869; Robert Auld,  
John F. Tescher and D. Z. Fryfogel,  
the latter of North Georgetown, 1871.

The celebration of the 75th anniver-  
sary will open with a banquet in  
the Christian church Friday evening,  
Dec. 28. A program will be given in  
the lodge rooms following the ban-  
quet and at that time Charles Bonsall  
will read a history of the lodge.

Mr. Bonsall states that since its  
organization the lodge and its auxil-  
iary bodies have granted relief and  
benefits to the amount of \$25,000,  
while the entire order, from its begin-  
ning in 1819, has paid out \$135,000.

Business Sense

PRESIDENT COOLIDGE says we can

lighten the tax burden of the

people and therefore should take "a

firm stand against any and all pro-

grams of spending that would tend to

absorb the expected margin between

receipts and expenditures." It would

almost seem that he has said the obvi-

ous thing. If our taxes produce

more money than we need, is it any-

thing but common sense to cut them

down and make life a little easier for

all?

Well, it ought to be obvious, but, his-torically, it is not. With the aver-

age law-making body, when a surplus

lions ahead, means are sought to

pend it rather than to return it to

the people. Governments can find

as many ways to get rid of easy

money as individuals can. There are

always things in which money can be

sunk. There is often a reputation to

be gained this way. All brands of

radicals are for higher taxes and big

public expenditures, for these bring

nearer the radical goal—government

functioning as the one great paymaster

and source of benefits, and by its

exactions drying up private enter-

prise.

The constant tendency of taxes is to increase rather than decrease. This is the vice of governments and has been the malady of all civilized societies. The Coolidge administration does a revolutionary thing in undertaking the obvious thing—in actually proposing to throw off \$300,000,000 of unnecessary tax burdens. "Reactionary" the Progressives dominate it, and etymologically it is. It is reaction from an oppressive situation. The president calls off the drums from the dead march of climbing taxes and gives them an inspiring signal for the march back.

## Chewing-gum Etiquette

THE gum-chewing squad was busy last year. One well-known manufacturer of this peculiarly American confection had \$7,600,000 left from the proceeds of his business, after he had paid his income tax. When you consider the number of other companies engaged in supplying the public needs in this line you can gain some idea of the huge sums expended by the public to keep their jaws working on something besides food and conversation.

Here is a rich field ripe for the reformer. Just as prohibition has put shoes on poor children's feet, and money in the bank, so would the elimination of the great national habit of sort of "chewing the cud" swell the savings accounts of sundry families and buy umbrellas for the rainy day.

If Americans must continue to be gum addicts, then the schools should offer a few courses in chewing etiquette. It is highly irritating to a sensitive soul to attend a musical comedy and to have the "low brows" in front waggle their jaws out of time to the music. Parties of persons should chew in unison, and, to crack the gum in public ought to be declared a social error.

Travellers from foreign shores are always struck dumb with amazement when they first glimpse our people chewing away on the streets and in theaters, with bovine equanimity. Tobacco-chewing has been eliminated from the list of publicly acknowledged habits, so now let the blue-law boys reach out and include chicle.

city, were married at 6 o'clock Thursday evening at the home of Rev. Beaver.

Paris—Russia will submit a new proposition concerning Corea. This is done to avoid a war with Japan over the matter.

France has, within six months, paid in subsidies for new ships \$33,664,000.

Miss Martha Boals of this city, and William A. Cox, of Washingtonville, were granted a marriage license at 12:30 p.m.

Samuel Johnson, Civil war veteran who makes his home here, is reported to be critically ill.

The household goods of A. Lee arrived in this city this morning from Ashtabula. He will locate in this city.

Miss Effie Allen, who is attending the Friends' School at Cleveland came here this morning for the holiday vacation.

**NAVY'S PANCAKE HAT TO GO**

Extensive Changes Also May Be Made in Other Details of the Sailor's Uniform.

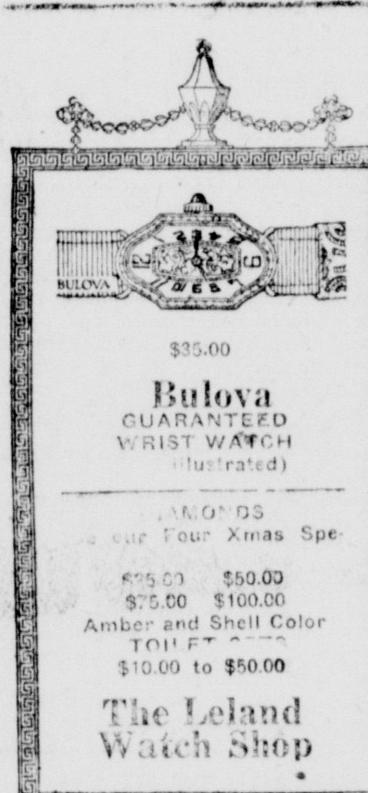

Although the details have not as yet been worked out or in fact agreed to, in all probability there will be some important changes in the uniform for the enlisted men of the navy. It is understood that Secretary Denby, as well as the higher ranking officers in the Navy department, has taken an interest in the subject. There is a general agreement among the authorities that there should be some changes in the regulations as well as in the cut of the uniform of the navy enlisted personnel. A change in the petty officers first-class uniform has now been practically approved.

As for the bluejackets, there is a diversity of opinions even among those who are urging a change. There is considerable support for a proposition to give the bluejacket a different and dressier uniform to be worn while on duty or on leave ashore. A uniform for the bluejackets with a cap like a commissary steward with long trousers and a double-breasted coat is being well received. This uniform would have gun-metal buttons and would be worn with a white shirt. The cut of the trousers would approach that of the civilian.

Every recommendation or letter that has been received in the Navy department is adverse to the present flat hat for bluejackets. There is no doubt that it will go and the enlisted men will be given a new cap.—Army and Navy Journal.

## HADN'T HEARD OF EGGLESTON GLASSES OF THE PRESIDENTS

Small Wonder That Ignorance of Tourists Excited Indignation of Indiana Official.

The town of Vevay snugly nestling in picturesque hills along the Ohio river in Switzerland county, has two show places of which it is particularly proud, according to Jim Wright, Vevay's postmaster.

The two special features of interest which surround Thomas Jefferson's nose in 1801, when Jefferson was fifty-eight. Doctor Stengel purchased the glasses from an aged Virginian who lived near Monticello, Jefferson's home. This pair has metal frame.

Eyeglasses worn by nine presidents of the United States are owned by Dr. Fred A. Stengel of Marion, O., whose chief hobby appears to be the collection of eyeglasses.

**How Four Old Maids  
Have Real Christmas**

HEY were a family of old maids—four sisters. But they were the jolliest, neatest old maids I ever knew. I always swore it, and now I know it. What do you think they did for Christmas? Did they have a tree for themselves and exchange costly presents with each other, and then eat a turkey with dressing and pies, alone in their charming white dining room? Not a bit of it. They know what Christmas was meant for, and they acted on the knowing. Their friends tell me they have done it every year; but since I'm only a new acquaintance, comparatively, I couldn't know that.

They invite in a dozen children who wouldn't ordinarily have a Christmas tree at all and give their presents to them. And then those twelve, poor little mites sit down at the table in the old maids' charming white dining room, and the old maids themselves serve them with turkey and all the fixings. And they don't do it for charity either. They do it because they adore children, and making them happy is to them a treat. You see, from their cradles, these four old maid sisters were blessed with the Christmas spirit, a spirit that lasts all the year around when it is genuine.

But why should I call them "old maids"? That term is in such disrepute? They are four angels! And knowing that, I am going to try my luck, some time when I can get the courage, and ask one of them, the one I happen to be in love with, to "have me." Perhaps if I make the proposal within the Christmas season she'll remember she's a Christmas angel, and take me. Don't laugh at my audacity. Anything may happen at Christmas time! For Christmas is a magical time. Even a child can tell you that.—Ethel Cook Ellet.

**That Plum Pudding and Some Twisted Mottoes**

LOUISE loved jokes. She caught people with questions and puzzled them with conundrums. So she had arranged a program that centered about the Christmas plum pudding. When that came upon the table each one was to put in his thumb and pull out a plum in the shape of a twisted motto; there they were, all around the sides of the platter.

Father was first, unfolding his plum he read off the pit of it and, as if to moderate the coming merriment, said "All is not laugh that titters."

Then mother read hers: "It's a wrong turkey that has no turning." As this did not apply to the bird that had just disappeared, the self-satisfied smile of the cook behind the door did not come off.

Then Aunt Mary: "A hitch in time saves mine." This reference to Bob's trousers asserted his independence of suspenders, but caused his relative to remind him that he was not as needless of stitches as he thought, upon which he replied that he could depend upon that tailor who had advertised "pants a dollars and a half a leg seats free."

Then Susan: "We never miss the swatter till the flies go by." This was a fly paper upon a dead subject and was filed for future reference.

Bob's plum was also laid on the table after he had read: "A strolling boy catches no horse." A sentiment that he was inclined to think a little too personal.

Louise had the last plum and declared: "All's well that ends swell." Expressing the traveler's satisfaction with terra firma, less terror and more firmness.

But the pudding was cooling and that was no joke, so, as the temperature fell, they fell to.—Christopher G. Hazard.

**A CHRISTMAS THOUGHT**

The greater happiness of the Christmas season is a direct result of the greater participation of men and women in the spirit of Christ. For their weakness has a power over strength; and then the laughter in the eyes of little children seems a better thing than our own good; and then the tired routine in the lives of those around us looks out upon us through enigmatic eyes, and we understand better, we pity, we cease to condemn—we would even ameliorate, we would show that we see and understand—and so we offer the dumb gift which mutely tells what our words could never tell; and then in our hearts, in our households, in our little world, there is Christmas joy and peace—earth's highest happiness.—Sister M. Edith Shepperson in Pittsburgh Dispatch.

**THE GENUINE SPIRIT**

The genuine holiday spirit consists not only in wishing a merry Christmas, but in making one.

**MOTHERS' CHRISTMAS**

After receiving her gifts, mother's Christmas will be devoted largely to washing an extra number of dishes.

**NEVER TOO HIGH**

It might be different with a lot of things around Christmas, but the mirth is never too high.

**31 ARE GRANTED  
SECOND PAPERS**

Lisbon Dec. 20.—Thirty-one men seeking second citizenship papers were granted their request in common pleas court here Wednesday when O. P. Anderson, deputy examiner, representing the Department of Justice with offices in Pittsburgh, presided.

Under a new ruling by the Naturalization department, applicants for final papers, when they apply for their second papers must produce two witnesses. Heretofore the witness appeared only at the final hearing.

Up to noon Wednesday only 23 cases had been heard and it was after 4 o'clock when the last applicant was heard.

During a recess in these hearings three former service men were taken before Judge James G. Moore, when citizenship papers were issued.

**COURT NEWS**

**Court Entries**

Death ended the divorce action brought in common pleas court some months ago by Free Ackerman in 1920.

against his wife Rachel Ackerman, who died Nov. 28, last.

However, the case was up for hearing again in court Wednesday on the question of \$100 alimony due the account of the deceased and which was ordered by the court to be paid by the undertaker.

Children of the deceased were placed in the care of the grandfather who advised the court of his willingness to care for them.

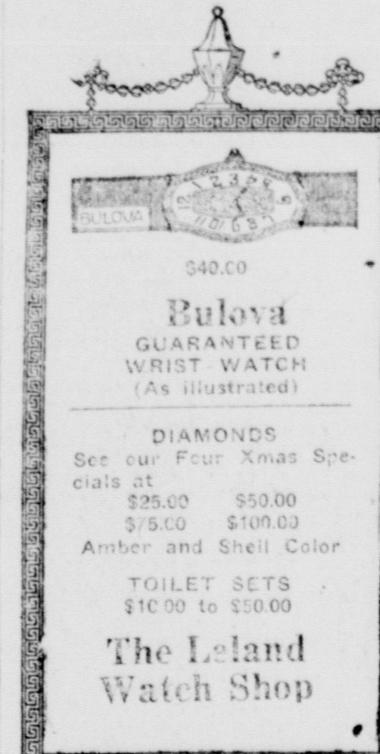

In the case of Harry B. Spates against Ben H. Evans, for money only, the finding of the court was in favor of the plaintiff, making the restraining order perpetual, and damages to the amount of \$100 awarded trial was overruled, excepting judgment on the finding for plaintiff for the plaintiff. A motion for a new trial was denied.

On the grounds of absence for more than three years, the court granted a decree of divorce to Ada B. Mercer against her husband Jacob G. Mercer, on payment of costs.

In the action brought by Elizabeth Speidel, as executrix against Stella Shaw et al wherein the constitution of a will was sought, the case was settled out of court at the cost of the plaintiff and no journal entry filed.

Steubenville—A big increase in the number of pupils in Jefferson county rural schools is reported by county superintendent F. D. Ring. The number enrolled outside of the cities this year is 9,965, as compared with 8,234 months ago.

Niles—Walking through the woods near Newborn, N. C., while on a hunting trip, Mayor Crow of this town suddenly came upon a large rattlesnake. Picking up a club, he killed the reptile, which measured five feet, six inches in length.

**SOCIETY****Man Of 70 Leads Holiday Rush For Marriage License**

Seven marriage licenses were issued in probate court Wednesday, it being the busiest day of any since Thanksgiving.

"It looks as if we're going to have a big rush for licenses before Christmas," said Probate Judge Lodge Ridge as he looked over the docket.

Among the very first to obtain a license Wednesday were John Shillinger, aged 79, retired, and Mrs. Jane Anderson, 63, both residents of Columbian. They were married by Rev. John Albright of the Reformed church soon afterwards.

Howard L. Baker of Wellsville and Miss Lydia E. Smith, an operator for the Bell Exchange of Wellsville, were granted a license and were married by Rev. P. M. Kendall.

George Kibler and Marie Hickman both of East Palestine, were granted a license and proposed to be married by the Rev. Powell of East Palestine.

C. W. Lowers a farmer of Salem, and Miss Daisy Cochran of East Liverpool, were married at the Christian church parsonage by the Rev. Ken- dall.

Rolla A. Hole of Versailles, a musician, and Miss Helen Brown of Millport, a music teacher, secured a marriage license and announced their intent to be married by Rev. Mr. Peebles.

William Truman Bailey, of East Liverpool, and Miss Edna J. Lamp, of Wellsville, were married by the Rev. Kendall.

Leonard Jones and Margaret Brown of East Palestine, were granted a license and will be married by the Rev. Geiter.

**Circle Gives Supper**

The home of Mr. and Mrs. David Booty was the center of a happy social event Wednesday evening, a chicken supper given by the Protestant Home circle for its members.

The 24 guests were served at three tables, each one of which was beautified by a bouquet of pink roses, the home.

A "fish pond" afforded lots of merriment and from this each one received a gift. A vocal duet was sung by Mrs. Herbert W. and Mrs. John Ormsby accompanied by Mr. Ormsby on the piano. The hours were enlivened with cards, games, and dancing.

**Canfield Club**

With Mrs. Edward Zimmerman hostess a pleasant meeting of the Canfield club was held Wednesday afternoon at her home, New Albany. A Christmas box was opened and fancywork was the favored diversion. The hostess served refreshments.

Mrs. R. E. Stade was elected president and Miss Mary Pow secretary for the ensuing year. Flower, social and entertainment committees were appointed. Special programs will be given at each meeting. On the third Wednesday in January the members will meet again.

**Moose Women**

An exchange of Christmas gifts was an enjoyable feature of a meeting of Salem chapter No. 63 Women of the Mooseheart Legion, Wednesday evening. A lunch was served.

It is planned to have an old-fashioned spelling bee and covered dish supper at a meeting in two weeks.

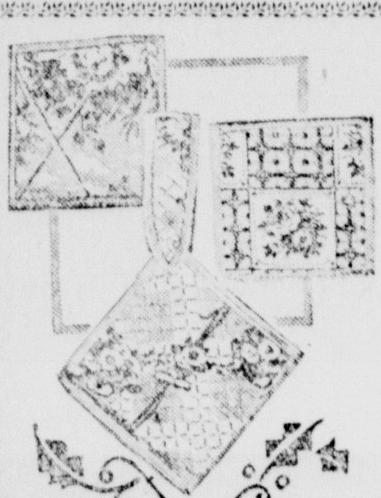

Mr. and Mrs. T. C. Strawn of New York, who have spent the last week with his mother, Mrs. L. J. Strawn, Highland ave., left Wednesday on a short pleasure trip to the West Indies.

S. J. Broome, Newgarden st., left Thursday morning for Salineville, where he will spend a few days.

Miss Lucy Rumbaugh, of Ashland, is now in charge of the office work at the Salem City hospital.

**BRITAIN WILLING TO CURB PLANES****Would Enter Disarmament Conference If Called By Coolidge.**

London, Dec. 20.—Great Britain is willing to participate in an international conference for submarine and airplane disarmament if President Coolidge, of the United States, summons it, according to foreign office officials today.

It was pointed out that Ramsay MacDonald, leader of the Labor party, may succeed Stanley Baldwin as prime minister and MacDonald is known to be in sympathy with any movement for disarmament.

So far the foreign office has not received any definite information about the reported conference except what was conveyed in press dispatches from Washington.

It was reported in official circles that unofficial negotiations are in progress between representatives of Soviet Russia and MacDonald relative to recognition of the Moscow government.

Whitehall—the seat of British officialdom—is convinced that MacDonald would grant early recognition to the soviet government if he comes into power as British premier.

**Coolidge Considers Time Isn't Fine For Sub And Air Parley**

Washington, Dec. 20.—President Coolidge is willing, as was the late President, W. G. Harding, to call a new international conference to attempt limitation of submarine and aircraft at any time when conditions are such as to lead to a successful undertaking, it was stated today in official quarters.

Like Harding, however, President Coolidge does not consider that such a time has yet arrived, and consequently no steps are being taken at this time toward the summoning of such a conference.

**Willie Hoppe Again Is Billiard Champ**

Chicago, Dec. 20.—Willie Hoppe again ruled balk-line billiard circles as world champion today, a winner over Welker Cochran of San Francisco, 1,500 to 1,161 in their match to break the tie into which they shot in the international tournament in New York.

**King's Departure Only Provisional**

Athens, Dec. 20.—The Greek government today assured the foreign legations that the departure of King George II was only provisional.

The foreign diplomats were informed that the national assembly will soon meet to discuss the future status of the Greek government.

King George and Queen Elizabeth departed from Piraeus for Kustenje, Roumania, late Wednesday afternoon upon the Greek ship Daphne.

**Increase In Steel Plant Operations**

Youngstown, O., Dec. 20.—An increase in operations to 100 per cent is announced for early in January by the local plant of the Wheeling Steel corporation after running for several years at not to exceed 75 per cent. The plant employs 2,000 men when running at capacity.

**JOHNSON PREPARES TO OPEN CAMPAIGN****Selects Cuyahoga Workers As Cincinnati Body Backs Coolidge.**

London, Dec. 20.—Two developments today indicated that the Coolidge-Johnson fight for Ohio's 51 delegates to the Republican national convention which gathers here next June will be largely a test of the organization and the elements opposed to it.

The first was the endorsement at Cincinnati by the Republican central and executive committees of the presidential candidacy of the present chief executive and the second was the announcement here, just before leaving for Chicago early this morning, by Frank H. Hitchcock, national generalissimo of the Johnson forces, of the personnel of the Cuyahoga county Johnson campaign committee.

Heading this body is State Senator George H. Bender, as manager with John D. Fackler, one of the outstanding "Bull Moose" leaders in 1912 as chairman of the executive committee. Other members are Frank G. Carpenter, Francis J. Cook, Sam R. Scott and Mrs. J. E. Weaver. All of these are independents of the organization.

Senator Hiram Johnson, it was announced late yesterday, will open his campaign in Ohio with a mass meeting at Masonic temple Jan. 3.

### DON'T "IMPROVE" ON NATURE

Introduction of English Sparrow in United States an Example of Its Unwisdom.

There have been some disastrous experiments in the direction of "improving" on nature. For instance, when rats became such a nuisance in Jamaica the East Indian mongoose was introduced to rid the island of the pest. But today the mongoose is a greater nuisance than the rat, and being bigger and hungrier and quicker on its feet it is worse than the thing it was introduced to destroy.

A settler thought he would make home in a strange land more homelike by introducing the British sparrow, which hitherto had been unknown on the other side of the Atlantic, says London Tit-Bits. Mr. Sparrow liked his new quarters and quickly made himself at home, with disastrous results to crops and native birds.

And what shall be said of the colonist who brought a pair of rabbits from English fields so that they might breed and supply him with his favorite rabbit pie? There are enough rabbits in Australia today to make rabbit pie for the entire population of the earth.

The authorities have spent millions of pounds in efforts to exterminate them, but they still go on breeding and eating the grass the sheep should have.

### MUST CHANGE MAP OF ETNA

Recent Eruption of the Sicilian Volcano Probably Has Made Great Alterations.

Seventeen years ago when Vesuvius was angry all maps had to be rectified after the eruption. The extreme summit of the mountain had become considerably lower and the crater was much deeper. Now the Etna eruption was much more violent than that of Vesuvius, which means probably the sides of the Sicilian volcano will also have to be changed on the map.

In spite of its great activity the eruption of Vesuvius can be observed from one end to the other by an expert. Doctor Martineci spent three days and three nights in a recess of the smoking crater. He was thought to be dead. When he returned he could not hide his joy, not at having escaped death by a miracle, but at being able to make observations on the spot of this tremendous phenomenon, of which he had been certainly a most indiscreet witness.

His successor, Professor Malladen, has been observing the different phases of the recent Etna convulsions. But he was not able to approach as near as Doctor Martineci on Vesuvius.—L'Opinion.

#### Nudity in Ears.

Women's ears will soon be visible—prophesy American hairdressers. Can it be? Are years of invisibility to go for naught and, as modesty shrinks flies is another, and the last, hub to be uncovered in surrender to fashion?

So long has the world gone without a glimpse of woman's ears, that it will await with skepticism the emergencies of the mythical-tinted shells. While all along it has been suspected that girls were equipped with auditory apparatus, because of the quickness with which they could hear an invitation to the movies. It will require the actual appearance of feminine ears to reassure man as to their existence. Then the shocking nudity of ears will call for the creation of a League of Nations branch to deal with the problem.—Washington Post.

**Hindus Great Cotton Spinners.**  
Six or seven centuries before Christ the Hindus had attained great proficiency in the art of spinning, weaving and printing cotton. Some of their fabrics were so exquisitely fine that they have been compared with gossamer web, says the Detroit News. They were highly prized and available only for the princes and nobles of the land; the coarser weaves served as clothing for the common people.

Following the trail from India to Europe blazed by Alexander the Great, commerce has since continued to flow back and forth between these two continents. By no means the least valuable of the commodities that moved in the stately caravans over hundreds of miles of intervening desert and plain were the beautiful fabrics of cotton.

#### Movie of Aching Tooth.

An aching tooth in action is the latest subject for the movies in France. It is in a film used in a crusade to improve the teeth of the people. The film pictures a throbbing nerve in its most excruciating stages, and those who saw the picture attest to its vivid accuracy.

#### Rats Destroy Coconuts.

Serious damage throughout the vast coconut groves of British Honduras has been discovered to be due to rats which climb the trees during the dry season and attack young coconuts to quench their thirst.

## BRINGING UP FATHER

## World's Onion Seed.

In Santa Clara valley, Cal., on the lowlands the world's onion seeds are produced. The seed is not, of course, employed for edible purposes, inasmuch as they are allowed to grow until they are far too "old" for such use. Nearly 20,000 acres of land are used in the culture of the product. It is reported that one cultivator has under way a process whereby the stalks can be made into paper, much as wood-pulp has been for many years. About 2,000 flat-carloads of stalks are turned out each year.

### 1924 OUTLOOK

(Continued from first page.)

The year closing is the best we ever had and we expect 1924 to be good.

Our salesmen are optimistic. We sell direct to dealers and have business in hand for nearly three months next year. Once again goods were chiefly sold. Now 70 per cent is decorated."

"We are running full and business with us will be all right the first half but beyond that I am offering no forecast," says G. R. Deming, president of the Deming Co., pump builders.

"The outlook is somewhat improv-

ed," says A. O. Silver, of the Silver Manufacturing Co. "Demand for agricultural tools is increased and a fair inquiry for tools needed by the building trades continues. The European situation, though it is hurting busi-

nesses."

"Our business follows the pig iron market and that's none too brisk," says J. H. Wilson, secretary of the Salem Tool Co. "Our tools are used by coal miners largely. Coal is down when pig iron is weak. But we are not worrying. Our business will start in volume when the miners get 75 per cent employment."

"There is a good demand for auto tires in 1924," says E. A. Tinsman, president of the Salem Rubber Co. "There must be buying to keep all the autos running. Prices likely will be higher. Our plant is running 75 per cent. When going full we employ about 125. Some extensions before next year is over are possible. Salem Rubber made some money in 1923 and we hope to do better in 1924."

Flames Rout Hotel Guests From Bed

Cleveland, Dec. 20.—Fire which broke out early today in an old building adjoining the Hotel Cleveland, drove guests of that hotel from their beds.

An downtown fire companies were called upon to fight the blaze, which burned rapidly in the wooden structure and to prevent its spread to adjoining property. Stock of a drug store adjoining was damaged by smoke and water.

After an hour's fight the fire was brought under control with an estimated loss of about \$10,000.

### Greek Army Officers Eager For Republic

London, Dec. 20.—An important group of Greek army officers are agitating for the immediate proclamation of a Greek republic, said an Athens dispatch to the foreign office this afternoon.

Leaders of the group said they desired the republic to be an accomplished fact before the national assembly meets.

## JUVENILE COURT NOT UNDERSTOOD

Designed To Rescue Erring Young Before Too Late Says Judge Riddle.

Lisbon, Dec. 20.—"This court will be criticised no matter what sentence is passed. The problem is not an easy task by any means and yet there is the law, well intended as it is, giving the court discretion in settling matters, but the public criticising your decision no matter what the idea of the court."

Thus spoke Probate Judge Lodge Riddle during the hearing of two juvenile cases.

"If this court would send these cases to an institution, it would be criticised. If sentence is suspended and the accused made a ward of the court, there would be criticism on the other hand. The great question is, what is best to do for these young offenders. How best to help them correct their errors of living?"

"I am sure there are many who do not understand the work and purpose of the juvenile court as provided by law. It is a law that is designed to rescue the erring young before it is too late. Help—that's what the law was intended for."

"But, no matter what you do there are those who stand ready to criticise it."

## SULPHUR CLEARS UP ROUGH OR RED SKIN

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol-Sulphur, declares a noted skin specialist. Because of its germ destroying properties this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimpls and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles-Menthol Sulphur from any good druggist and use it like cold cream.

Three-fourths of all the wood engravers in the United States are located in Chicago.

## STARS INSTALL 1924 OFFICERS

Mrs. Helen Stanibaugh Given  
The Jewel Of Past  
Worthy Matron.

Leetonia, Dec. 20. An unusually interesting meeting of Leetonia chapter No. 252, Order of Eastern Star, was held in the Masonic room Monday evening, when officers for the year 1924 were installed by Dr. T. T. Church of Salem, with Mrs. Leslie Fenstermaker of Kent, installing master.

Those obligated are: Worthy matron, Mrs. Mary J. Johnson; worthy patron, David Rankin; associate matron, Mrs. Helen B. Weikert; secretary, Mrs. Freda Spatholt; treasurer, Mrs. Sara E. Johnson; conductress, Miss Clara B. Weikert; associate conductress, Mrs. Lucile Showers; chaplain, Mrs. Eva Ashley; organist, Mrs. Neil Hollinger; marshal, Miss Mary Brinker; Adah, Mrs. Ethel Morris; Ruth, Mrs. Nora McGiffen; Esther, Mrs. Anna Cushing; Martha, Mrs. Mabel L. Shive; Electa, Miss Cora A. Rankin; warden, Miss Myrtle Redfoot; sentinel, S. V. Shive.

In a lovely little service, Mrs. Helen B. Weikert conferred upon the retiring worthy matron, Mrs. Helen Stanibaugh, the past worthy matron Jewel speaking words of deep appreciation for the excellent service rendered during the past year. In the social period following the program enjoyable refreshments were served.

Mr. and Mrs. C. J. Wilderson in company with Mr. and Mrs. Joseph Whittle enjoyed an auto ride through the northern section of the county Monday. The men were interested in looking up fine horses for Mr. Wilderson's barn. Returning home the party stopped over in Salem where they enjoyed a dinner.

Miss Myrna Wilderson is visiting her friend, Miss Dorothy Clark in Cleveland, this week.

Mrs. B. M. Shower went to Pittsburgh, Tuesday, where she will visit her mother, Mrs. Hughey.

P. M. Kelly spent Monday visiting the home folks in Struthers.

Misses Sadie and Laura McMillan from the country near Leetonia, spent Monday with their sister, Mrs. Bell Patterson.

Richard Fenstermaker leaves Thursday for McConnellsburg, Ohio, to spend Christmas with Mrs. Fenstermaker, who is taking medical treatment at the hospital there.

Marjorie Switzer is confined to her home by illness.

Mr. and Mrs. Ray Miller are entertaining their mother, Mrs. S. Miller, of Columbiana.

## FUNDS PROVIDED TO FINISH ROADS

The board of county commissioners Wednesday afternoon arranged to supply funds for the payment of the unprovided portion of road contracts recently completed in this county.

Funds were required for the payment of \$5,000 balance due on the East Palestine-New Waterford rd. \$6,742 was needed to make final payment on the Lisbon-Canton highway recently opened to traffic.

The amount of the bonds to be sold was \$52,474.95 at 5 per cent. There were six bids. Sande-Sizer & Co., of Toledo, offering a premium of \$1,225.75. Other bids ranged from \$517 to \$758.

Several weeks ago County Auditor Charles E. Hamilton advised the commissioners of the amount of money needed to pay these contracts, but as no meeting was held by the board Monday, the suggestion was disposed of at this special meeting.

Mr. and Mrs. Coyle Hollingshead and two daughters, have returned from a trip through the south. They spent some time in Florida and Washington D. C.

# FORD TO SUPPORT COOLIDGE; SAYS COUNTRY'S "SAFE"

long been uncertain concerning Mr. Ford's party affiliations.

## STUDENTS HEAR JUDGE LINDSEY

Detroit, Dec. 20.—Declaring that he believed the country "safe with Coolidge," Henry Ford, automobile manufacturer, whose name has been mentioned as a possible candidate for president in 1924, declared here today that he would not oppose Mr. Coolidge. Mr. Ford pointed out that a presidential election was reported to have a disturbing fact on business conditions but that there was no reason why business should be disturbed.

He said further that he did not believe the president should be required to take any of his time or strength for any sort of political campaign.

The announcement of Mr. Ford's support of Mr. Coolidge came simultaneously with the filing in Lansing of petitions to place Mr. Ford's name on the Michigan presidential primary election ballot next spring, despite his statement today that he would not run against President Coolidge. James W. Helme, who filed Ford petitions at Lansing today, declared Mr. Helme was Mr. Ford's unsuccessful opponent on the Democratic ticket in the 1918 Michigan senatorial primaries.

Petitions to place Mr. Ford's name on the Democratic ticket next spring were filed at the same time that Horatio S. Earle, prominent Republican, filed petitions. The secretary of state indicated both petitions would be approved.

"The law makes no provision for the withdrawal of a man's name after petitions for him have been filed," Mr. Helme said. The extent of his comment on Mr. Ford's statement that he would not oppose President Coolidge was, "That is Mr. Ford's own business, if he does not want to run."

The Ford statement was received with undisguised joy in Republican circles and with a certain measure of relief by the Democrats, who have

Hueman of Canton, spent Sunday with Theodore Huff and family.

Mr. and Mrs. John Hively and daughter Darlene of Leetonia were Greenford callers Sunday.

W. W. Bush of Pittsburgh spent Sunday with his parents Mr. and Mrs. A. W. Bush.

A hog belonging to A. A. Stahl got him down by cutting a gash in his leg above the knee, with his tusks. A doctor was called.

### Grange Program

Coburn; Xylophone solo, Harry Roller; short talk, L. E. Coy; vocal solo, Wilbur Rotzel; reading, Portia Kendig; vocal duet, Eliza

Calvin and Mary Beardsley.

The Christian church will give a play entitled "Christmas at Finnegan's Flat," Christmas eve, Dec. 24.

### Pastor To Announce His Decision Tonight

Lisbon, Dec. 26.—At a meeting of the congregation of the Lisbon Christian church, scheduled to be held Thursday evening, at which time a dinner will be served and a report of the every member canvass made last Sunday afternoon will be presented, Rev. P. M. Kendall will make known his decision whether he will continue as pastor of the church.

Mr. Kendall has received a call to become pastor of the Christian church at Findlay. The church board extended him a call for another term Wednesday.

The Ladies' Aid society of the Christian church met with Mrs. Fred Harmon last Monday.

## For Everybody's Christmas

RADIOLA GRAND  
in its mahogany cabinet—with built-in loudspeaker and four tubes—will take its place among luxurious furnishings.

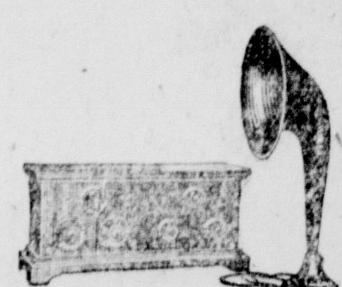

\$350

All the world is Broadway now! Every farm kitchen is a box at the opera. Every little city apartment is a grandstand seat for a hundred great events. Christmas this year will mean more than Christmas ever meant before! People everywhere will be tuning in on the action of the world—listening in to the theaters—the colleges—the churches—the big events happening—the big games being played. Some like the fun. Some like the music. Some like the lectures. Everybody wants it all—loud and clear—tuned in at the turn of a knob—real as being on the spot. With a Radiola.

RADIOLA II  
—in the picture—is a portable set—very fine for a living room, with its mahogany finish—but ready to be picked up by its handle and carried out doors. All its tubes and batteries are inside the back cover.

# The New ESSEX

## A SIX

Built by Hudson under Hudson Patents

Essex closed car comforts now cost \$170 less than ever before. Also with this lower price you get an even more attractive Coach body and a six cylinder motor built on the principle of the famous Hudson Super-Six.

It continues Essex qualities of economy and reliability, known to 135,000 owners. It adds a smoothness of performance which heretofore was exclusively Hudson's. Both cars are alike in all details that count for long satisfactory service at small operating cost.

You will like the new Essex in the nimble ease of its operation. Gears shift quietly. Steering is like guiding a bicycle, and care of the car calls for little more than keeping it lubricated. That, for the most part, is done with an oil can.

The chassis design lowers the center of gravity, giving greater comfort and safety, at all speeds, on all roads. You will be interested in seeing how this is accomplished.

Greater fuel economy is obtained. The car is lighter, longer and roomier. You will agree that from the standpoint of appearance, delightful performance, cost and reliability, the new Essex provides ideal transportation.

## SCULLION WINS RENOWN AS GRID AND CAGE REFEREE

Introducing Donald Scullion or "Pete" as he is familiarly known to thousands of Salem sports fans. He is the premier grid and baseball official in this part of the state and he has just concluded a very successful gridiron season.

Pete is an official who is well liked by every one, not only on account of his strict honesty on the field or the basketball floor, but also on account of his genial personality.

Scullion, one High school official in the county said this season is the best football referee in Northern Ohio and we are inclined to side him strongly. He referred all Salem High home games but one, and very well.

In addition to being such a competent official Pete is a star ball player. He has been in the county league and has 'em all beat in these parts as a catcher, and diamond strategists.

## BASEBALL SEASON TO CLOSE EARLIER

Presidential Election Is Determining Factor In The Change.

New York Dec. 20.—Major league schedule makers have agreed upon an arrangement which will bring the 1924 season to a close on Sept. 29 or 30, earlier than ever before for a campaign of 154 games. It was revealed today by John A. Heydler, president of the National League.

Mr. Heydler said that Bill Johnson, president of the American League, was in harmony with the plan. Details will be worked out by the two executives at a conference here early next year.

The fact that 1924 is a presidential year, with the campaigns assuming paramount importance early in the fall and that an earlier closing will enable finishing the season under daylight saving time, figured in the decision for an earlier closing. Mr. Heydler explained. He said that in Philadelphia and Boston, where Sun-

## ELECTRIC ROAD TO QUIT OPERATIONS

Alliance, Dec. 20.—Service on the C. A. and M. V. electric line will be discontinued shortly after the beginning of the new year, according to a statement from the office

of M. J. Portman, who has been receiver of the line for some time. The company has been operating cars between this city and Ravenna for a number of years.

The increase in motor bus transportation has caused the company to lose money for a number of years, while the increase in operating costs have steadily mounted during the same period.

The application to abandon the line will be heard in Columbus on Jan.

16 by the public utilities commission. The work of appraising the road has already begun.

## Grocer Hail To Big Fortune Will Not Quit Business

Ravenna, Dec. 20.—"Well I've saved \$12,000,000," left by Edward R. Jenkins Chicago broker, who died last year. "I will be able to live with one," William T. Dunham, local grocer said today, commenting upon apparently authentic reports that he would shortly come into an estate of approximately \$2,000,000. Dunham is one of seven cousins who will share the phone.

"All my life, I've worked and I would not feel right to stop now," Dunham continued. "I have been in my present store for 34 years and it's home to me."

As he answered questions he continued to fill orders and answer the phone.

"I'll be just as happy if the money never comes," he replied to the flood of congratulations that pour in to him from customers. "I would never be able to retire and live, no matter how many fortunes come to me as I would have no place to go."

Then a flood of orders for news of Dunham's "fortune" has brought scores of new customers to his store—stopping the interview.

"Just say I'll take what comes, but I won't quit working," he added as he turned away to "wait on the trade."

Associated with the new millionaire in the store are two sons but the father retains active management and does his share of the work.

Omaha, according to the claims of that city, is the world's largest butter market.

County Court House Will Be Renovated Say Commissioners

County commissioners at a meeting held Wednesday afternoon declared their intent to renovate the county court house, and eliminate the storage of screen windows, mops, ladders and brushes from the corners of the main corridor.

A storage room is to be provided for these articles in the basement. The ground floor lobby of the building is to be whitewashed, and the walls of the lobby on the first and second floor are to be cleaned. The lighting system in the lobby of the two upper floors is also to be rearranged, and some of the offices are to be brightened, especially the office of the commissioners and that of the probate court.

## DOLLINGS CO. HEAD IS FOUND GUILTY

Convict Former President  
Of Misrepresenting  
Stock Sales.

Columbus, Dec. 20.—Dwight Harrison, former president of the E. L. Dollings company of Ohio, was found guilty of false representation in the sale of stock of the Phoenix Portland Cement Company of Ohio, a subsidiary, last night by a jury composed of nine men and three women after three hours and two minutes deliberation, at the close of the longest trial ever held in Franklin county criminal court.

Motion for a new trial will be filed. Atty. Robert Nevin of Dayton, defense counsel said.

The indictment on which Harrison was tried, charges him with misrepresenting the holdings of the cement company to prospective stock purchasers. The prosecution produced testimony to the effect that Harrison had approved a paragraph in an ad-

vertising booklet which set forth that the cement company owned a plant at Nazareth, Pa., and that he had made such a statement at a gathering of salesmen of the Dollings company in Columbus. Harrison on the witness stand denied the charges.

The steel-like reserve and fortitude throughout the 14 days of the trial were with him to the last.

He sat with legs crossed and passive countenance at the defendant's table as the jury's formal verdict of guilty was read, never changing his expression. Afterwards he talked affably with counsel for both sides as he had been during the period the jury was closed. Asked for a statement, he said:

"I had expected this verdict from the court's attitude throughout the trial. When a man is not allowed to make a defense, he can't make a defense. If the supreme court does not reverse this decision, then I'm through with the practice of law."

Harrison was an attorney by profession having entered the employ of the Dollings company as counsel.
